F-Gas models phase out

- Following the latest guidelines of the F-Gas regulation, we will gradually phase-out all the ice makers with integrated compressor having capacity above 200Kg /24h.
- All remote condenser and split versions (ASR / RC) will remain available due to FGas 2024/573 until 2030*

*We reserve the right to change this information should the normative 2024/573 be subject to further changes.

Below is the list of all models included in this phase-out process:

MXG 638 AS - MXG 638 WS (No change for ASR/RC models)
